Directors' report

The directors present their report and the financial statements for the year ended 31 December 2016.

Principal activity and business review

The principal activity of the company during the year was the provision of higher educational courses related to the fashion industry.

The ultimate parent undertaking is Providence Equity Partners VI International LP., having acquired Istituto Marangoni Limited from the former ultimate parent undertaking, Career Education Corporation, on 14th November 2011. Providence Equity Partners is a private equity firm incorporated in the United States of America.

Results and dividends

The profit for the year after taxation amounted to £ 4,697,480 (2015 amounting to £ 2,832,219). A dividend of £3,700,000 (2015 - £510,000) was approved by the directors and paid prior to the balance sheet date.

Directors

The directors who served the company during the year were:

S Kmic
R Riccio
R Appadoo

Going concern

The financial statements have been prepared on a going concern basis.

As a result of their assessment, the Directors are satisfied that the going concern basis of preparation is appropriate for the statutory financial statements for the year ended 31 December 2016.

Disclosure of information to auditors

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that:

- so far as that director is aware, there is no relevant audit information of which the company's auditors are unaware, and
- that director has taken all the steps that ought to have been taken as a director in order to be aware of any information needed by the company's auditor in connection with preparing their report and to establish that the company's auditors are aware of that information.

Auditor

The auditor, Ernst & Young LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

Strategic Report

Financial performance review

	2016	2015	Change %
Turnover	11,182,829	10,466,186	7%
Operating Profit	5,280,726	3,147,991	68%
Profit after tax	4,697,480	2,832,219	66%

For the financial year ended 31 December 2016, turnover increased by 7% and it was in line with the expected increase of business volume. The increase in revenues is related to the increase in the actual number of students together with a yearly price increase of the student fees.

The Administrative expenses, excluding the impact of foreign exchange, shows an increase, and in particular of the staff costs, due to the higher number of staff and to the annualized cost of staff employed during 2015.

The Operating Profit show a significant increase compared to the previous year mainly due to a profit on foreign exchange gain equal to £1,346,020 as reported in note 4.

Future Developments

The Company has considered to keep investing with the aim to maintaining and implementing the education performance. In this context, the Company will undertake major renovation works within the campus.

Existing borrowing:

Currently, there are no outstanding loans payable to the external parties.

Proposed borrowing:

At the date of the current document, based on the forecast assumptions and the financial sustainability information, the Company has no plans of requiring further borrowings.

Principal risks and uncertainties

Liquidity risks

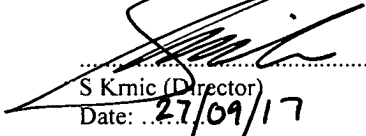

Istituto Marangoni Ltd remains in a healthy financial position, with adequate funding available, and so the liquidity risk to the company is considered to be minimal.

Currency exchange risks

Some of the costs incurred by the company are incurred outside the United Kingdom, and therefore there is a risk that the exchange rates may differ from the rates expected when calculating the service charges. Istituto Marangoni Ltd has adequate resources and funding available to cover these risks.

Based on the assessment performed by the company and its management, no elements were noted that might affect the Company's capability to comply with law, and to generate profits, cash, and consequently the overall financial sustainability for the upcoming periods.

On behalf of the Board

Statement of directors' responsibilities in relation to the financial statements

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with Financial Reporting Standard FRS 102 – The Financial Reporting Standard applicable in the UK and Republic of Ireland and in accordance with applicable accounting standard and law.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and exemplified in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditor's report to the members of ISTITUTO MARANGONI LIMITED

We have audited the financial statements of Istituto Marangoni Limited for the year ended 31 December 2016 which comprise Profit and Loss Account, the Balance Sheet and the related notes 1 to 19. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 "The Financial Reporting standard applicable in the UK and Republic of Ireland".

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Report and Financial Statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2016 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including FRS 102 "The Financial Reporting standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Independent auditor's report to the members of ISTITUTO MARANGONI LIMITED (continued)

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- ▶ the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.
- ▶ the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have identified no material misstatements in the Strategic Report or Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Notes to the financial statements

For the year ended 31 December 2016

1. Accounting policies

1.1 Statement of compliance

Istituto Marangoni Limited is a limited liability company incorporated in England. The Registered office is in London.

The financial statements have been prepared in compliance with FRS 102 as it applies to the financial statements of the company for the year ended 31 December 2016.

1.2 Basis of preparation

The financial statements of the company were approved for issue by the Board of Directors on 26 September 2017. The financial statements have been prepared in accordance with applicable accounting standards.

The company has taken advantage of the following disclosure exemptions under FRS 102:

- (a) The requirements of Section 11 paragraphs 11.39 to 11.43A and Section 12 paragraphs 12.26 to 12.29 providing the equivalent disclosures required by this FRS are included in the consolidated financial statements of the group in which the entity is consolidated.
- (b) The requirement of Section 33 Related Party Disclosures paragraph 33.7.

The company's financial statements are prepared in Sterling and all values are rounded to the nearest pound, except when otherwise indicated.

1.3 Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. The following judgements (apart from those involving estimates) have had the most significant effect on the amounts recognised in the financial statements.

The following are the company's key sources of estimation uncertainty:

Operating lease commitments

The company has entered into commercial property leases as a lessee. The classification of such leases as operating leases requires the company to determine, based on an evaluation of the terms and conditions of the arrangements, whether it retains or acquires the significant risks and rewards of ownership of these assets and accordingly whether the lease requires an asset and liability to be recognised in the statement of financial position.

Notes to the financial statements

For the year ended 31 December 2016

Accounting policies (continued)

Taxation

The company establishes provisions based on reasonable estimates, for possible consequences of audits by the tax authorities of the respective countries in which it operates. The amount of such provisions is based on various factors, such as experience with previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority.

Management estimation is required to determine the amount of deferred tax assets that can be recognised, based upon likely timing and level of future taxable profits together with an assessment of the effect of future tax planning strategies.

1.4 Significant accounting policies

Tangible fixed assets

Property, plant and equipment is stated at cost less accumulated depreciation and accumulated impairment losses. Such cost included costs directly attributable to making the asset capable of operating as intended.

Depreciation is provided on all property, plant and equipment, at rates calculated to write off the cost, less estimated residual value, of each asset on a systematic basis over its expected useful life as follows:

Leasehold improvement	–	20% straight line
Computer equipment	–	33% straight line
Fixtures & fittings	–	25% straight line
Plant & Machinery	–	20% straight line

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

Revenue recognition

Revenue is recognised to the extent that the company obtains the right to consideration in exchange for its performance. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates, VAT and other sales taxes or duty.

Revenue represents the value of the work done in the year, including estimates of amounts not invoiced.

Revenue in respect of contracts for on-going services is recognized by reference to the stage of completion.

Interest income

Revenue is recognised as interest accrues using the effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instruments to its net carrying amount.

Dividends

Revenue is recognised when the company's right to receive payment is established.

Notes to the financial statements

For the year ended 31 December 2016

Accounting policies (continued)

1.4 Significant accounting policies (continued)

Provision for liabilities

A provision is recognised when the company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or right to pay less or to receive more tax with the following exception:

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the rate of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date.

All the differences are taken to the income statement.

Financial instruments

The company recognises financial instruments when it becomes a party to the contractual arrangements of the instrument. Financial instruments are de-recognised when they are discharged or when the contractual terms expire.

Cash at bank and in hand

Cash at bank and in hand in the balance sheet comprise cash at current bank accounts and in hand.

Short-term debtors and creditors

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the income statement in other operating expenses.

Operating leases

Rentals payable under operating leases are charged in the profit and loss account on a straight line basis over the lease term. Lease incentives are recognised over the lease term on a straight line basis.

Pensions

The company makes defined contributions to a group personal pension scheme on behalf of its employees. Contributions are charged to the profit and loss account in the period in which they become payable.

Notes to the financial statements

For the year ended 31 December 2016

3. Turnover

The whole of the turnover is attributable to the provision of higher educational courses related to the fashion industry.

All turnover arose within the United Kingdom.

4. Operating Profit

The operating profit is stated after charging and crediting:

	2016	2015
	£	£
Depreciation of tangible fixed assets:

Notes to the financial statements

For the year ended 31 December 2016

Tax on profit on ordinary activities (continued)

Factors that may affect future tax charges

At Summer Budget 2015, the government announced legislation setting the Corporation Tax main rate (for all profits except ring fence profits) at 19% for the years starting the 1 April 2017, 2018 and 2019 and at 18% for the year starting 1 April 2020. At Budget 2016, the government announced a further reduction to the Corporation Tax main rate (for all profits except ring fence profits) for the year starting 1 April 2020, setting the rate at 17%.

The reduction in the rates will not affect the company's deferred tax position which is based on the expected tax rate at the date of the reversing of the temporary difference.
