

ERASMUS+ AND INTERNATIONAL EXCHANGE PROGRAMME SELECTION PROCESS NOTICE ACADEMIC YEAR 2020/2021

This notice sets out the basic rules, requirements and common principles governing student participation in the *Erasmus+ and International Exchange Programme*, which enables students to spend a period of time abroad (mobility period) studying at a partner university with which NABA has entered into a bilateral exchange programme agreement.

We inform you that the activities and related fundings foreseen by this call will be subject to the subscription of the Erasmus+ Financial Agreement 2020/2021 between NABA and the National Agency, as a result of the Call 2020 for individual mobility within Higher Education field, having deadline on February 1st, 2020.

1. OBJECTIVES

The period of mobility aboard may be employed exclusively to:

- attend academic courses and sit relevant examinations;
- participate in dissertation preparation activities (excluding research activities not specifically covered by courses of study), attend courses, undertake bibliographic research, and take part in workshops and seminars; Grants may be assigned to students for a minimum of three months and a maximum of twelve months. The aforementioned activities shall be completed within the academic year 2020/2021.

2. ADDRESSES

This notice is addressed to NABA students enrolled in:

- first level academic courses
- second level academic courses
- diploma program students (please refer to point 7)

Access to Mobility programs is not possible:

- during the first year of a three-year Bachelor Programme.
- during the first year of a two-year Master of Arts Programme.
- during the last semester of a three-year Bachelor Programme and a two-year Master of Arts Programme.

Students attending the first year on three-year BA degree programmes are not entitled to participate in mobility period programmes.

Students attending the first year on two-year specialist MA degree programmes are not entitled to participate in mobility period programmes during the first semester of studies.

3. REQUIREMENTS

In order to be entitled to apply to participate in the exchange programme, students shall:

1. be duly enrolled at NABA;
2. have paid their tuition fees and have submitted all the necessary administrative documentation;

3. undertake to renew their enrolment for a.y. 2020/2021 within the prescribed deadlines. Only those students spending the period of mobility abroad to prepare for Academic Diploma dissertations shall not be required to pay new academic year enrolment fees. Any such students, however, are required to pay Diploma application fees within the last available session.
4. have completed their individual study plans approved by the Academy's Directors and have fulfilled their academic career progression requirements;
5. submit a study programme of the subjects to be attended at the partner institute (please refer to point 18);
6. possess adequate language skills (please refer to point 9);
7. **Diploma program students** can carry out activities in the context of exchange programs with foreign university institutions as provided for students of academic courses but cannot benefit from the contributions and participate in the Erasmus + program. The possibility of participation in exchange programs defined by NABA outside the Erasmus + program will in any case be subject to the verification of available places and to the drawing up of a list of participants according to the specific call announcement.

4. STUDENT RIGHTS

Students qualifying as recipients:

- are entitled to attend university courses and sit relevant exams and/or conduct dissertation or workshop research and/or participate in internships;
- may benefit from any services offered by the host institute in the same manner as local students;
- are exempted for paying tuition fees at the host institute (some partner institutes may, however, require students to pay for insurance, use of materials such as photocopies, products for workshops, etc.) and shall be treated in an identical manner to other students at the institute;
- will be accredited for the period of study at the partner institute in accordance with the provisions set out in the Learning Agreement and with the results set out in the *Transcript of Records* (please refer to point 20).

5. MOBILITY PERIOD

Mobility periods abroad may last between 3 and 12 consecutive months, in accordance with the provisions of the agreements between NABA and the partner institutes. Mobility periods abroad will be related to the academic calendars of NABA and the partner institutes and to the educational needs of individual student study plans.

Students may take part into the mobility programs more than once within each cycle of studies, provided that the overall mobility period does not last more than 12 months for each cycle. Mobility for studies and for *traineeship* both contribute to the calculation of the overall duration.

Students wishing to complete their degrees (or attain their qualifications) at the end of the mobility period, will be required to end mobility periods at least one month before the date of any Diploma examinations at NABA. This period of time is required in order to enable the Academy to approve and register any activities completed abroad.

6. DESTINATIONS

The list of partner institutes with which International Exchange Agreements have been set up is available on MyNABA http://my.naba.it/en/Pages/Opportunit%C3%A0%20Internazionali/Raccontami-Erasmus_new.aspx.

A. COUNTRIES PARTICIPATING IN THE ERASMUS+ PROGRAMME

European Union (EU) Member States: Austria, Belgium, Bulgaria, Cyprus, Croatia, Denmark, Estonia, Finland, France, Germany, Greece, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Czech Republic, Romania, Slovakia, Slovenia, Spain, Sweden and Hungary;

Participating non-EU countries: The former Yugoslav Republic of Macedonia, Iceland, Liechtenstein, Norway, Switzerland and Turkey.

United Kingdom: unless the Brexit process implies further developments that will be promptly monitored and communicated, the activities within the Erasmus+ project are confirmed until the end of 2020. For further information, we suggest to visit the Erasmus website https://ec.europa.eu/programmes/erasmus-plus/about/brexit_en

B. PARTNER COUNTRIES NOT PARTICIPATING IN THE ERASMUS+ PROGRAMME (BILATERAL AGREEMENTS WITH NABA)

For academic year 2020/2021, NABA has set up exchanges with countries not participating in the Erasmus+ programme, which therefore do not receive funding from the European Union through the relevant national agencies. Foreign students in any such countries will benefit from the same conditions as Erasmus students, but will not be entitled to benefit from a mobility grant.

The following countries do not participate in the Erasmus+ programme and have entered into bilateral agreements with NABA: Australia, Brazil, Chile, China, India, Japan, Israel, New Zealand, South Korea and the United States of America.

7. CHOICE OF DESTINATIONS

Upon identifying potential destinations of interest, students should check the websites of the relevant partner institutes "Tell me about Erasmus" [*Raccontami Erasmus*] section in MyNABA) to ensure that there are no conditions which may hinder departure: imminent deadlines, language requirements which students are unable to satisfy, incompatibility of academic subjects. At this stage, it is useful for students to set up a meeting with the person in charge for International Exchanges.

Partner universities are entitled to not accept students, even where the latter successfully pass NABA's selection process. Examples of reasons why students who have successfully passed NABA's selection process are not accepted by partner universities include:

1. **Deadlines related to the application procedure at partner institutes.** Many partner universities require that the selected students complete and submit certain documents (for example, registration forms, accommodation booking forms, course registration forms, etc.) within strict deadlines. Any failure to submit said documentation within the prescribed deadlines automatically results in exclusion from the institute. In certain cases, the prescribed deadlines may be very close to the period in which NABA accepts applications from potential participants.

Students are therefore invited to consult the websites of any partner universities of interest prior to submitting their applications, in order to be informed of any deadlines established by the same.

2. **Language requirements set by partner institutes.** Despite NABA requiring all students to sit English language tests when applying to participate in exchange programmes and requiring students to certify their language knowledge in the manner set out in the *Language Requirements* section of this notice, students should take into account that an

increasing number of institutes require a high level of language proficiency, which must frequently be certified by means of international certifications. Students should gather in good advance information about the requirements set by partner institutes consulting their websites or the information sheet in the "Tell me about Erasmus" (*Raccontami Erasmus*) section in MyNABA. It should be noted that, in most cases, the possession of language requirements is required at the time of submission of application forms.

3. **Incompatibility between study plans and the subjects available at partner institutes.** Students should request information prior to applying to study at foreign institutes. For further information, students should contact NABA office in charge for International Exchanges and consult partner institute websites.

Reasons often change from year to year, consequently, the same cannot be reported on the individual sheets referring to the individual institutes. Students should therefore independently request information with regard to requirements in advance and in any event, prior to submitting their applications.

In any event, any students who have been awarded the opportunity to take part in an exchange should recall that the host universities are entitled to the final decision as regards admission.

8. VISA AND RESIDENCE PERMIT REQUIREMENTS

International exchange programme participants may require **visas** to stay abroad in the host partner country. Participants are responsible for ensuring that the necessary authorizations (short or long-term visas or residence documents) have been obtained before the scheduled activities begin.

Participants are strongly recommended to request visas from the competent authorities well in advance, since procedures may take several weeks.

For health insurance, students must have a European Health Card (*Tessera Europea di Assicurazione Malattia TEAM*) or other insurances required as per the specific destination country.

9. LANGUAGE REQUIREMENTS

All universities require students applying to participate in exchange programmes to meet minimum language requirements at the time of application.

Please refer to the "Tell me about Erasmus" (*Raccontami Erasmus*) section in MyNABA for information regarding the selection language at each university.

Students are able to meet the minimum requirements in various manners:

- by submitting an internationally recognized language certificate;
- certain universities, above all in the United States and England, only admit students to their institutes if specific language requirements are met (e.g. holding of a specific certificate, which is valid in accordance with specific criteria). In case a student is selected for the program, a valid evidence of the language proficiency will need to be submitted to Partner Institution according to the deadlines and modality required as per their procedure.
- by completing the *Language Passport* form to self-certify foreign language proficiency (<https://europass.cedefop.europa.eu/documents/european-skills-passport/language-passport>);

Minimum language requirements must be met prior to the international exchange programme application submission deadline.

10. FINANCIAL CONTRIBUTIONS

A. Participants in the ERASMUS + programme will be able to participate in the mobility contribution. The award of mobility grants will be based on the ranking that will be made available on MYNABA as soon as the selection process by the host universities has been completed.

Erasmus financial contributions will only be paid to students who have submitted the following documents to the office in charge for International Exchanges:

- *Mobility financial agreement* completed in full by candidates;
- *Learning Agreement* approved by individual Course Leaders and by the host institute;
- *Attendance certificate*, completed by the host institute featuring the date of arrival of the student.

Mobility grants are intended to contribute towards the extra costs arising from studying abroad and are not intended to cover the full cost of the same. Mobility grants may be combined with other financial aid granted in Italy (if any such grants are not provided by the EU).

The institute is only required to pay to the beneficiary the Erasmus+ programme participation financial contribution that has already been received from the INDIRE National Agency. The National Agency is in fact responsible for disbursing funds to the individual institutes participating in the programme.

The National Agency is solely responsible for the payment of the grants to beneficiaries and NABA cannot be held liable or be required to pay the grants should the National Agency fail to pay the same.

The grants will be assigned according to the funds that the Academy will receive from the Erasmus+ National Agency on account of the European Commission. The assignment of the funds and the related overall amount has not been confirmed yet. If the funds are assigned, NABA will define criteria and confirm attribution within July 2020. In case the funds could not cover all the mobilities assigned, the Academy will share in transparency the criteria of assignment.

For information purposes, monthly mobility grant amounts have been calculated for the academic year 2018/19 in accordance with the country of destination and in accordance with the following groups:

GRUPPO 1 (high cost of living): Denmark, Finland, Iceland, Ireland, Luxembourg, Sweden, United Kingdom, Lichtenstein, Norway - € 300/month

GRUPPO 2 (average cost of living): Austria, Belgium, Germany, France, Italy, Greece, Spain, Cyprus, Netherlands, Malta, Portugal - € 250/ month

GRUPPO 3 (low cost of living): Bulgaria, Croatia, Czech Republic, Estonia, Latvia, Lithuania, Hungary, Poland, Romania, Slovakia, Slovenia, Former Yugoslav Republic of Macedonia, Turkey - € 250/ month

We remind that no financial contribution is foreseen for participants joining the International Exchange program.

B. ADDITIONAL CONTRIBUTION TO THE MOBILITY GRANT FOR SOCIO-ECONOMIC DISADVANTAGED STUDENTS (only for Erasmus+ programme participants):

The Italian Erasmus+ National Agency might consider assigning to NABA additional funds in order to facilitate the international mobility of students from disadvantaged socio-economic backgrounds during the academic year 2020/21. Such integration will be equal to € 200 per month (amount established at a national level) and will be assigned to selected students for the entire duration of the mobility. To qualify for these funds, students must possess the financial requirements on the date of submission of the application form.

These additional funds will be assigned based on the ISEE certification issued in 2020 for DSU (Right to University Education) services.

The ISEE is calculated in relation to the composition of the family nucleus, any income received and any assets possessed. ISEE calculations can be obtained free of charge from all INPS (*Istituto Nazionale della Previdenza Sociale* [Italian National Institute of Social Security]) offices, local authority offices or CAF centres (*Centri di Assistenza Fiscale* [Tax Assistance Centres]) located throughout Italy.

Any such contributions cannot be combined with Right to University Education (*Diritto allo Studio Universitario* - DSU) scholarships received to facilitate international mobility for the academic year 2020/21. Right to University Education scholarships received to facilitate international mobility will therefore be reduced by the total contribution provided by NABA, including Erasmus+ grants and any additional contributions for students from disadvantaged backgrounds.

C. Special funding for students with disabilities (only for Erasmus+ programme participants):

Students with disabilities selected for an Erasmus+ mobility might ask for an additional EU grant covering special needs. They will need to fill out a specific form published on the Erasmus+ portal as soon as made available by the Italian Erasmus+ National Agency. The Agency will evaluate all the requests and select the assignees of this special grant, that will be paid at the end of the mobility period, on the basis of the actual expenses incurred by the participant and considered as allowable.

D. Right to University Education scholarship financial supplements:

Students participating in international mobility programmes may continue to benefit from any national or regional study grants or scholarships which they already receive. Students who have been awarded scholarships pursuant to the Decree of the President of the Italian Council of Ministers of 09 April 2001 or who are eligible non-recipients of scholarships may apply to receive international mobility financial supplements in accordance with the prescribed Right to University Education selection process deadlines, scheduled for July 2019.

It should be noted that students may apply for financial supplements to participate in international mobility programmes with regard to exchanges at institutes in countries not participating in the Erasmus+ programme (please refer to point 6.B).

N.B. The participation in an international mobility programme shall be certified by the relevant office.

11. APPLICATIONS

Any NABA student wishing to apply to participate in an international mobility programme shall indicate **a maximum number of three partner institutes in order of preference** (with destination no. 1 being the preferred destination). If the student is willing to apply both for the Erasmus+ program and the *International Exchange Program*, the maximum

number of institutes to select will always be three (e.g. two selected universities within the *International Exchange* Call and a selection on the Erasmus+ Call. If three preferences are expressed on one Call it won't be possible to add and participate to the Call that will follow right after). A list of destinations available for the various courses of reference is published annually on MyNABA, under the International Exchange Programmes (*Programmi di Scambio Internazionale*) section.

To apply to participate in international exchange programmes, candidates shall:

- access the online application <http://www.naba.it/it/erasmus-e-scambi-internazionali/application-form> ;
- read the application completion notes on the homepage of the web page explaining how to apply on-line;
- complete the on-line application form;
- enclose the following documents with the application:
 - enrolment certificate and list of exams sat at NABA in English (to be requested from the Registry Office at NABA – *Transcript of Records*);
 - motivation letter for each institute indicated in the application form (in English or in the language of the host institute);
 - language proficiency certificate in accordance with the provisions of the set out under Language Requirements;
 - Europass curriculum vitae <https://europass.cedefop.europa.eu/documents/curriculum-vitae> ;
 - digital educational portfolio in *.pdf format, maximum 8MB, or indicate web link where the portfolio can be viewed (translated into English or in the language of the host institute);
 - passport-size photograph;
 - photocopy of passport or identity card.

All enclosures are to be uploaded in *.pdf format directly to the application homepage. Hard copies of enclosures or uploads in non-pdf formats will not be accepted. INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED.

ONCE SUBMITTED, APPLICATIONS MAY NOT BE AMENDED OR CANCELLED.

Following the submission of applications, students will receive an email notifying them that their application has been uploaded correctly.

Subsequently:

- the International Exchanges Office will check that application requirements have been met and will issue its evaluation;
- all applications are then evaluated by an internal board responsible for drawing up classification lists.

12. APPLICATION SUBMISSION DEADLINES

Applications shall be submitted exclusively on-line at <http://www.naba.it/en/erasmus-and-international-exchange> from the application submission opening dates.

To participate in the mobility programme in the First Semester (September 2019 - February 2020)

- APPLICATION OPENING, INTERNATIONAL EXCHANGE CALL: 13 January 2020 DEADLINE: 31 January 2020
- APPLICATION OPENING, ERASMUS+ CALL: 1 April 2020 DEADLINE: 17 April 2020

To participate in the mobility programmes (*International Exchange* and Erasmus+) in the Second Semester (March - July 2020)

- APPLICATION OPENING INTERNATIONAL EXCHANGE AND ERASMUS+: August 31st, 2020 DEADLINE: September 11th, 2020

13. SELECTION PROCESS

An internal board will select candidates and draw up final classification lists according to the following criteria:

1. credits attained - from 0 to 4 points;
2. average examination marks - from 0 to 4 points;
3. portfolio - from 0 to 2 points;
4. knowledge of the language of the destination country - 1 point;

5. cover letter
6. submission of internationally recognized certifications (PET, FIRST, IELTS)

N.B. First year students applying to participate in the exchange programme during the first semester of their second year will be selected in accordance with portfolio evaluations and foreign language knowledge.

14. PROVISIONAL CLASSIFICATION LIST

At the end of the selection process, the list of students eligible and unsuitable to participate in the mobility programme will be published, as well as the assignment of the International Mobility Grants and the relative place of destination in the case of eligibility according to the indications of the priorities of choice expressed by the students themselves.

It should be borne in mind that certain host institutes have established specific selection criteria and any such criteria will be binding during the selection process.

15. FINAL CLASSIFICATION LISTS

At the end of the host institute selection processes, a list of students who have been awarded mobility grants will be published on MyNABA.

16. ACCEPTANCE

Further to publication of the classification lists, selected students who decide to accept their assigned destinations will be required to confirm their exchange places with the International Office. Further to formally accepting their assigned destinations, students shall undertake to:

- duly obtain the necessary valid documents required by immigration policies to travel abroad;
- complete foreign university applications in a timely manner and in accordance with the required procedures (with reference also to accommodation, insurance, etc.);
- submit the documentation required to benefit from Erasmus grants if selected as assignee for a destination participating in the programme (please refer to point 10 for further details). Non-acceptance shall be deemed as a waiver of rights.

17. OBLIGATIONS PRIOR TO DEPARTURE

Students who have been awarded places shall:

1. consult the websites of the host institutes and find the necessary information to send any documentation required (e.g. application form, accommodation form, Learning Agreement, etc.), in accordance with any deadlines;
2. sign (only for the Erasmus+ programme) the relevant **Mobility Financial Agreement** at the International Exchanges Office one month prior to departure. Bank/Post Office account details will be required in order for grants to be paid into current accounts, which must be in the name or the joint name of the Erasmus grant recipient;
3. request from the International Exchanges Office or download from MyNABA the **Attendance Certificate** form to be submitted to and signed by the international exchange contact person upon arrival at the host institute;
4. contact the International Exchanges Office during office hours to ensure adequacy of the **Learning Agreement** (please refer to point 18).

18. STUDY PROGRAMME (LEARNING AGREEMENT)

The *Learning Agreement* is a mandatory document which sets out the exams to be sat abroad. The agreement can be obtained from the International Exchanges Office or downloaded from MyNABA.

Once signed by the student and the International Exchanges Office, the Learning Agreement should be sent by email to the host institute. **Students may request for amendments to be made to the Learning Agreement within one month after arrival at the host institute. Any such requests shall be immediately communicated to the International Exchanges Office for final approval. In order to be valid, the Learning Agreement must be signed by the student and the International Exchanges Office at NABA, as well as by the International Exchanges Office at the host institute.**

19. OBLIGATIONS AT THE HOST INSTITUTE

Upon arrival at the host institute, students shall:

1. report to the International Office or equivalent to register;
2. contact the International Office, who will provide assistance in the performance of academic activities at the host institute;
3. ensure that the International Office at the host institute enters, stamps and signs the date of commencement of the mobility period on the *Attendance Certificate* form, forwarding the same by email to the International Exchanges Office at NABA;
4. follow any instructions provided concerning how to enroll on courses and sign up for any other academic activities, on the use of any services available to students (e.g. accommodation, refectory), obtaining residence permits, accessing healthcare assistance, etc.
5. prior to returning to Italy for good, students shall obtain the following certificates from host institute:
 - the original of the **Attendance Certificate** indicating the date of commencement and conclusion of the exchange period. The certificate is to be submitted by students to the International Exchanges Office at NABA within 15 days upon returning to Italy.
 - **Transcript of Records**, that is the final certificate indicating the results obtained at the host institute (marks or evaluations including credits, ECTS where possible), issued as a hard copy on the host institute's headed paper, duly signed and stamped by the issuer. If, at the time of departure, said certificate cannot be obtained by the

student, the student will be responsible for ensuring that the host institute sends the same to the International Exchanges Office at NABA or to the student (who will then be required to submit the certificate to the International Office at NABA) within 4 weeks upon the end date of the mobility period as indicated in the Attendance Certificate;

- **Dissertation preparation activities:** students shall obtain a declaration from the competent office at the host institute stating clearly the type of activities completed (university course attendance, workshop participation, bibliographic research, participation at seminars), the purpose (for the purpose of dissertation preparation activities) and subject matter of the same, in addition to any credits attained (ECTS where possible), where foreseen.

During the mobility period the students won't be entitled to perform any degree-related activity (e.g. exams).

20. ACADEMIC APPROVAL OF THE PERIOD OF MOBILITY AND THE ACTIVITIES COMPLETED

Upon returning to Italy, students shall submit to the International Exchanges Office at NABA the following documentation in order to obtain approval of the period of study abroad:

1. **Learning Agreement**, including signatures and stamp;
2. **Attendance Certificate**, used to calculate the actual monthly grant payments due;
3. **Transcript of Records**, that is the document required to obtain approval of the exams sat abroad. Grant recipients who fail to complete their programme of study abroad may be required to repay the grant in part or in full;
4. **Final Study Abroad student experience presentation** (free format e.g. pdf file, video, photo album...);
5. **Final international student report** (questionnaire to be completed, mandatorily).

In the event of failure to submit all of the documentation requested within the prescribed deadline, NABA reserves the right not to approve the mobility period and, in the case of student recipients of Erasmus mobility grants, to suspend payment of grants or to require repayment in full of the same.

The International Exchanges Office will review the educational paths followed by students and transmit this information to the NABA Registry Office for final translation of grades and relevant credits obtained for validation and final recognition of mobility period.

21. MOBILITY GRANT PAYMENTS

Mobility grant payments may only be accredited to bank or Post Office current account (which must be in the name or joint-name of beneficiaries).

Grants will be paid in two instalments: advance payment 80% of the total mobility grant agreed, upon submission of the *Attendance Certificate* with the first section duly completed by the host institute, and the balance at the end of the contractual period upon submission of the documents referred to in point 20.

22. EXCHANGE PERIOD EXTENSIONS

In the event of an extension to the period of stay abroad, the relevant agreement shall be amended and approved in writing by means of the *Mobility period extension application* and submitted one month prior to the end of the mobility period.

23. EXCHANGE PERIOD WITHDRAWAL

Students wishing to withdraw from their period of mobility shall submit a written request, including their reasons for the same, to NABA's International Exchanges Office. It should be noted that the minimum period for international exchanges is 3 months, therefore any requests to withdrawal from the exchange programme before the end of the 3 months will result in students being required to return any financial contributions already received.

24. REOPENING OF THE SELECTION PROCESS

NABA may take into consideration reopening the selection process, in order to allocate any unfilled mobility programme places.

25. LANGUAGE COURSES

In view of the period to be spent abroad and in order to improve language abilities, students may attend courses organized by:

- Host institutes: institutes in the destination countries generally organize language courses for foreign students hosted by the same, which are mainly held at the beginning of the semester or year of study. Any such courses may or may not be free of charge. Information will be provided directly by the host institutes;
- European Commission: Erasmus+ online language support (**Online Linguistic Support - OLS**) helps foreign students participating in the Erasmus + programme on a long-term basis learn languages. OLS provides participants with the opportunity to test their language skills in the foreign language to be used during their period of study abroad.

Online language support includes mandatory assessment of language skills and opportunities to follow online language courses. Assessments are made both at the start and at the end of the mobility period to test any progress made. Language assessments made prior to the departure of participants are in no way directed at limiting participation in mobility activities. On the contrary, assessments aim to promote language proficiency and to remove any barriers created by limitations in language knowledge.

Online language assistance is available for the following languages: German (DE), English (EN), Spanish (ES), French (FR), Dutch (NL), Greek (EL), Czech (CS), Danish (DA), Polish (PL), Portuguese (PT) and Swinish (SV).

Access to courses is financed by the EU under the Erasmus+ programme.

Information on OLS language courses is available at: <http://erasmusplusols.eu/it/>.
